P.S. index

VOLUME XXXIII—1988

A

Applying risk management to safety program management. *Kingsley Hendrick.* April p. 33.

Approaches to the control of low back pain in industry: Job design, job placement and education training. *Stover H. Snook.* Aug. p. 23.

Approaches to the control of the effects of human error on chemical plant safety. *Jens Rasmussen.* Dec. p. 23.

Asbestos entropy. *Barbara Pfeffer Billauer and Joseph J. Giamboi.* Aug. p. 32

C

Changes at loading dock: Safety for the next decade. *Bruce E. Ketchpaw.* Dec. p. 11.

D

Developing professional excellence. *W. E. Jenkins and E. McHarg.* June p. 17.

Drug testing programs in industry. *Jeffrey W. Vincoli.* Oct. p. 12.

E

Electrocution at work. *Anthony Suruda.* July p. 27.

Emergency preparedness training tips. *Jack O. Philley.* Sept. p. 26.

Ethics and professional integrity. *Zoyd R. Luce.* July p. 17.

Evaluating product safety certification programs. *Gerald E. Lingenfelter.* Feb. p. 13.

Evaluating the contribution of human errors to accidents. *Barbara Jean Bell.* Oct. p. 27.

Exploratory analysis of excavation cave-in fatalities, An. *Ronald L. Stanevich and Dannie C. Middleton,* Feb. p. 24.

F

Forklift safety by design. *Barrett C. Miller.* Sept. p. 18.

H

Hazard analysis guidelines in product design. *Joseph P. Ryan.* March p. 17.

Hazard communication standard guidelines. *Niru Davé.* Jan. p. 21.

How safe is the water in your emergency eye wash station? *John W. Bomhoeft.* Dec. p. 14.

How to make high-impact safety presentations. *Robert F. Pater.* Feb. p. 19.

How to spot injury agencies. *Don Kase and Kay Wiese.* Jan. p. 27.

I

Industrial chemical disasters. *Stephen K. Hall.* July p. 17.

Investment in human factors pays dividends. *S. Barry Gibson.* Nov. p. 21.

J

Joining forces to combat accidents, violence and suffering. *Norman Key.* April p. 15.

K

Key to survival in a high tech society, The. *Marie Scotti.* May p. 45.

L

Loss prevention through architectural design. *Stephen A. Estrin.* April p. 30.

M

Magnetic field effects on humans. *William W. Allison.* June p. 28.

Management accountability for safety performance. *Stephen E. Johnson.* June p. 23.

Matrix management: A workable approach to safety. *Thomas R. Crites and David L. Montgomery.* Jan. p. 11.

Microcomputers in the workplace (Yes, but have you considered . . .?). *Thomas W. Werner.* Dec. p. 19.

Mishap potential versus risk: A cumulative viewpoint. *Edsel J. DeVille.* May p. 33.

N

New loss control management theory, A. *Thomas A. Smith.* Feb. p. 30.

O

Organization and planning of the corporate wellness program. *Rebecca Cogwell Anderson and Kim Edward Anderson.* March p. 13.

OSHA and the academic laboratory. *Carlton Blanton.* July p. 14.

OSHA investigation refresher. *Jeffrey W. Vincoli.* March p. 24.

P

Pedestrian protection at convenience stores. *Barrett C. Miller.* June p. 21.

Philosophy and safety. *W. B. Jarzembski.* Sept. p. 12.

Product recall program. *Ashutosh Riswadkar.* Aug. p. 19.

Professional liability: The safety and health professional's exposure. *Thomas A. Jennings.* Nov. p. 19.

Psychological testing for safety: The neglected work of Hugo Munsterberg (1863-1916). *Peter B. Peterson.* Nov. p. 13.

R

Recognize design defects and reduce workers' compensation insurance. *Vincent A. Gallagher,* Sept. p. 22.

S

Safety and modern technology. *Gabriel Aurioles.* Sept. p. 14.

Safety first at Golden Gate Bridge 50th Anniversary. *Vern Donkers.* May p. 42.

Safety performance: Results *can* be achieved. *Rock Lowery, Steve L. Moore and E. J. Thomas.* Aug. p. 11.

Safety pro's conversation: Are you safety? How do you answer? The. *George W. Kitts, Jr.* Jan. p. 15.

Safety statistics. *William W. Allison.* Oct. p. 18.

Selling management the best fire protection available. *Charles R. Dittman.* Oct. p. 21.

Spreading the blame for the liability insurance crisis. *Fikry S. Gahin.* May p. 37.

Superfund Amendments and Reauthorization Act of 1986, Title III: A small business perspective. *Jeffry S. Carter.* April p. 22.

T

Time for change. *William W. Allison.* March p. 20.

V

Value of work: A way of evaluating a light duty program in a work setting. *Dale O. Ritzel and Rodney G. Allen.* Nov. p. 23.

PS SUBJECT INDEX—1988

FIRE PROTECTION

Planning for Fire Safety

Selling management the best fire fire protection available *by Charles R. Dittman,* October, pp. 21-26.

MANAGEMENT ASPECTS

Accident Investigation and Analysis

Approaches to the control of the effects of human error on chemical plant safety *by Jens Rasmussen,* December, pp. 23-29.
Electrocution at work *by Anthony Suruda,* July, pp. 27-31.
Evaluating the contribution of human errors to accidents *by Barbara Jean Bell,* October, pp. 27-32.
How to spot injury agencies *by Don Kase and Kay Wiese,* January, pp. 27-29.
Joining forces to combat accidents, violence and suffering *by Norman Key,* April, pp. 15-20.
Pedestrian protection at convenience stores *by Barrett C. Miller,* June, pp. 21-22.
Safety statistics *by William W. Allison,* October, pp. 18-20.
Time for change *by William W. Allison,* March, pp. 20-22.

Administration of Safety and Health Management

Applying risk management to safety program management *by Kingsley Hendrick,* April, pp. 33-37.
Key to survival in a high tech society, The, *by Marie Scotti,* May, pp. 45-46.
Matrix management: A workable approach to safety *by Thomas R. Crites and David L. Montgomery,* January, pp. 11-14.
New loss control management theory, A, *by Thomas A. Smith,* February, pp. 30-33.
Safety pro's conversation: Are you safety? How do you answer? The, *by George W. Kitts, Jr.,* January, pp. 15-17.

Disasters

Emergency preparedness training tips *by Jack O. Philley,* September, pp. 26-30.
Industrial chemical disasters *by Stephen K. Hall,* July, pp. 17-19.

Ethics

Ethics and professional integrity *by Zoyd R.Luce,* July, pp. 17-19.

Professional Liability

Professional liability: The safety and health professional's exposure *by Thomas A. Jennings,* November, pp. 19-20.
Spreading the blame for the liability insurance crisis *by Fikry S. Gahin,* May, pp. 37-41.

Program Development

Developing professional excellence *by W. E. Jenkins and E. McHarg,* June, pp. 17-20.
Management accountability for safety performance *by Stephen E. Johnson,* June, pp. 23-27.
Philosophy and safety *by W. B. Jarzembski,* September, pp. 12-13.
Safety and modern technology *by Gabriel Aurioles,* September, pp. 14-17.
Safety performance: Results can be achieved *by Rock Lowery, Steve L. Moore and E. J. Thomas,* August, pp. 11-18.
Value of work: A way of evaluating a light duty program in a work setting *by Dale O. Ritzel and Rodney G. Allen,* November, pp. 23-25.

Risk Management/Loss Control

Investment in human factors pays dividends *by S. Barry Gibson,* November, pp. 21-22.
Loss prevention through architectural design *by Stephen A. Estrin,* April, pp. 30-32.
Mishap potential versus risk: A cumulative viewpoint *by Edsel J. DeVille,* May, pp. 33-36.

Safety Training and Education

How to make high-impact safety presentations *by Robert F. Pater,* February, pp. 19-22.

OCCUPATIONAL HEALTH/INDUSTRIAL HYGIENE

Health Hazards in the Workplace

Approaches to the control of low back pain in industry: Job design, job placement and education training *by Stover H. Snook,* August, pp. 23-30.
Drug testing programs in industry *by Jeffrey W. Vincoli* October, pp. 12-17.
Organization and planning of the corporate wellness program *by Rebecca Cogwell Anderson and Kim Edward Anderson,* March, pp. 13-16.
Psychological testing for safety: The neglected work of Hugo Munsterberg (1863-1916) *by Peter B. Petersen,* November, pp. 13-18.

OCCUPATIONAL SAFETY

Specific Industries

Asbestos entropy *by Barbara Pfeffer Billauer and Joseph J. Giamboi,* August, pp. 32-33.
Changes at loading dock: Safety for the next decade *by Bruce E. Ketchpaw,* December, pp. 11-13.
Exploratory analysis of excavation cave-in fatalities, An, *by Ronald L. Stanevich and Dannie C. Middleton,* February, pp. 24-28.

How safe is the water in your emergency eye wash station? *by John W. Bornhoeft,* December, pp. 14-17.
Magnetic field effects on humans *by William W. Alison,* June, pp. 28-30.
Microcomputers in the workplace (Yes, but have you considered . . . ?) *by Thomas W. Werner,* December, pp. 19-21.
Safety first at Golden Gate Bridge 50th Anniversary *by Vern Donkers,* May, pp. 42-44.

GOVERNMENT AGENCIES

Superfund Amendments and Reauthorization Act of 1986, Title III: A small business perspective *by Jeffry S. Carter,* April, pp. 22-28.

OSHA

Hazard communication standard guidelines *by Niru Davé,* January, pp. 21-26.
OSHA and the academic laboratory *by Carlton Blanton,* July, pp. 14-16.
OSHA investigation refresher *by Jeffrey W. Vincoli,* March, pp. 24-29.

PRODUCT DESIGN & SAFETY

Product Design Evaluation

Evaluating product safety certification programs *by Gerald E. Lingenfelter,* February, pp. 13-18.
Forklift safety by design *by Barrett C. Miller,* September, pp. 18-21.
Hazard analysis guidelines in product design *by Joseph P. Ryan,* March, pp. 17-19.
Recognize design defects and reduce workers' compensation insurance *by Vincent A. Gallagher,* September, pp. 22-25.

Product Liability

Product recall program *by Ashutosh Riswadkar,* August, pp. 19-22.

Watch upcoming issues of *PS* for the

NEW Cumulative Index!

Now covering almost a decade of articles in *PS*, the 1980-1988 index includes a listing of over 500 articles. The reference, arranged by subject, is a useful resource for researching safety subjects covered by *PS* during that time span.

Keep an eye out for details.

PS AUTHOR'S INDEX—1988

Allen, Rodney G. ..... Nov. p. 23
Allison, William W. ..... March p. 20, June p. 28, Oct. p. 18
Anderson, Kim Edward ..... March p. 13
Anderson, Rebecca Cogwell ..... March p. 13
Aurioles, Gabriel ..... Sept. p. 14
Bell, Barbara Jean ..... Oct. p. 27
Billauer, Barbara Pfeffer ..... Aug. p. 32
Blanton, Carlton ..... July p. 14
Bornhoeft, John W. ..... Dec. p. 14
Carter, Jeffry S. ..... April p. 22
Crites, Thomas R. ..... Jan. p. 11
Davé, Niru ..... Jan. p. 21
DeVille, Edsel J. ..... May p. 33
Dittman, Charles R. ..... Oct. p. 21
Donkers, Vern ..... May p. 42
Estrin, Stephen A. ..... April p. 30
Gahin, Fikry S. ..... May p. 37
Gallagher, Vincent A. ..... Sept. p. 22
Giamboi, Joseph J. ..... Aug. p. 32
Gibson, S. Barry ..... Nov. p. 21
Hall, Stephen K. ..... July p. 9
Hendrick, Kingsley ..... April p. 33
Jarzembski, W. B. ..... Sept. p. 12
Jenkins, W. E. ..... June p. 17
Jennings, Thomas A. ..... Nov. p. 19
Johnson, Stephen E. ..... June p. 23
Kase, Don ..... Jan. p. 27
Ketchpaw, Bruce E. ..... Dec. p. 11
Key, Norman ..... April p. 15
Kitts, Jr., George W. ..... Jan. p. 15
Lingenfelter, Gerald E. ..... Feb. p. 13
Lowery, Rock ..... Aug. p. 11
Luce, Zoyd R. ..... July p. 17
McHarg, E. ..... June p. 17
Middleton, Dannie C. ..... Feb. p. 24
Miller, Barrett C. ..... June p. 21, Sept. p. 18
Montgomery, David L. ..... Jan. p. 11
Moore, Steve L. ..... Aug. p. 11
Pater, Robert F. ..... Feb. p. 19
Petersen, Peter B. ..... Nov. p. 13
Philley, Jack O. ..... Sept. p. 26
Rasmussen, Jens ..... Dec. p. 23
Riswadkar, Ashutosh ..... Aug. p. 19
Ritzel, Dale O. ..... Nov. p. 23
Ryan, Joseph P. ..... March p. 17
Scotti, Marie ..... May p. 45
Smith, Thomas A. ..... Feb. p. 30
Snook, Stover H. ..... Aug. p. 23
Stanevich, Ronald L. ..... Feb. p. 24
Suruda, Anthony ..... July p. 27
Thomas, E. J. ..... Aug. p. 11
Vincoli, Jeffrey W. ..... March p. 24, Oct. p. 12
Werner, Thomas W. ..... Dec. p. 19
Wiese, Kay ..... Jan. p. 27
